1 Day Introduction to Facilities Management Programme

Department of Facilities and Asset Management

INTRODUCTION

The Facilities Management Programme caters to individuals in first and middle management roles within both the private and public sectors, focusing on asset and maintenance management. Its primary objective is to furnish candidates with the necessary skills for formulating effective facilities management strategies. This field presents a wide array of employment prospects within the built environment, accompanied by comprehensive coverage of all study materials included in the course cost.

PROGRAMME OBJECTIVES

The Facilities Management Programme aims to equip students with a foundational knowledge base suitable for structuring and executing a facilities management strategy.

PROGRAMME OUTCOMES

By the end of the programme, delegates will have a solid understanding of key areas in facilities management, including the FM Body of Knowledge (FMBOK), property maintenance, space planning, management of services, outsourcing and SLAs, performance measurement, benchmarking, and post-occupancy evaluation (POE).

PROGRAMME STRUCTURE AND CONTENT

- Introduction to Facilities Management body of knowledge
- Property Maintenance
- Space Planning
- Management of Services
