Property Development Programme

INTRODUCTION

We are introducing a blended approach that combines the benefits of online learning with the engaging elements of live interaction. The proposed format features a mix of in-class and live, synchronous sessions alongside interactive online materials and activities. This approach not only retains the structure and personal connection of face-to-face programmes but also offers the convenience and accessibility of online learning.

PROGRAMME OBJECTIVES

The purpose of the PDP is to introduce candidates to the fundamental knowledge that underpins property development, highlighting land development, green building, practical execution of feasibility studies, cash flows, financial calculations, finance for property development, property law, health and safety, marketing of properties.

PROGRAMME OUTCOMES

On completion of the programme learners will:

- Understand the built environment and the fundamental terminology and principles of property development as a central activity of the property industry
- Understand the land development process
- Be able to execute basic feasibility studies to determine the viability of proposed investments in property
- Be able to calculate and schedule property investment cash flow
- Understand valuation of existing properties
- Understand the fundamentals of financial calculations by using a financial calculator
- Understand green building technology
- Understand property economics; securing finance for property development and ownership; property trends and the marketing of properties
- Understand legal and practical imperatives of health and safety
- Understand property law imperatives

Property Development Programme

PROGRAMME FORMAT

The programme is presented on NQF5 (first year university) level. The duration is 3 days and the proposed format features a mix of in-class and live, synchronous sessions alongside interactive online materials and activities.

WHO SHOULD ATTEND?

This intensive course aims to offer public and private sector practitioners and employees a comprehensive understanding of the foundational concepts essential to property development. It is tailored for individuals seeking to enhance their knowledge of the lucrative property development sector, equipping them with the necessary skills to pursue a successful career in this field, accompanied by comprehensive coverage of all study materials included in the course cost.

CERTIFICATE REQUIREMENTS

Participants will receive a Certificate of Attendance based on the number of hours attended, while a Certificate of Competence will be granted to those who attended the live sessions and complete the assignment, achieving a minimum score of 50%.

COURSE PRESENTERS

All presenters on the course are recognised leaders in their fields:

Lecturer: Prof. Chris Cloete

Prof. Chris Cloete is the HOD (Property Development) at Career Excel Academy and a distinguished academic who previously held the SACSC Chair in Shopping Centre Studies. With a PhD and an MBL, he developed South Africa's first MSc (Real Estate) degree and has authored 11 books on property. His extensive professional leadership includes serving as Past President of the Institute of Property Practitioners of SA and past national councillor of SAPOA. Beyond his academic contributions, he has managed the development and marketing of residential schemes, retirement villages, and medical centres, and was the first in Africa named an Eminent Member of the RICS.

Programme Leader: Mr Karel Oberholzer

Karel Oberholzer is a property development specialist with over two decades of experience in banking and construction. Currently a director at Innovative Consolidated Group, he previously held senior roles at Bigen Group and Calgro M3, managing complex residential life cycles. His expertise includes 14 years at FNB, where he led advanced analytics. Academically, Karel holds an honours degree in Urban Geography and an MBA. This combination of analytical mastery and leadership in the built environment provides students with a commercially grounded perspective on property management.
